FURNISHINGS

Introduction

fino International

An interior Fit-out contractor with Four manufacturing units based in Jebel Ali Industrial Area with more than 150,000 square feet of facilities divided into four major activities:

fino Marble

Fully equipped with CNC machines and water Jet systems to cut, polish and process all types of marble , granite and precious stones

fino Joinery

With Laser technology , CNC systems and hi-tech wood working machinery, **fino** can manufacture custom made furniture, wardrobes, panelling and fire rated doors .

fino Metal

Latest welding techniques, manufacturing capability of Stainless Steel and other architectural metal works.

fino Soft Furnishings

fino Furnishings equiped to make curtains and custome made furniture, including sofa , chairs in classical and modern designs.

16

Our Mission

fino international's mission is to introduce the latest and most advanced techniques in the fit-out and construction field, starting with the idea of adopting a new concept in fit-out and interior decoration based on turnkey solution .

To enhance the interior and fit-out industry by providing all possible solutions and expertise to projects.

To provide our employees with all support necessary to bring out the best in them and to their fullest potential.

To exceed our customer's needs and expectations by delivering the highest quality products and best services available.

17

History

fino international established in Dubai, U.A.E. more than 5 years ago with avant experience in the hospitality industry fit-out and furniture manufacturing.

Founded and established by Mr. Ahmad Abdulla ALshafar and Mr.Talal Saeed with tens of years behind each of them to support the operation.

fino international operating factories under the name of Al-Merkaz Industries, Al-Markaz Marble and Al-Markaz contracting based in Jebel Ali Industrial Area with more than 150,000 square feet of manufacturing facilities divided into four major activities,

fino Joinery
fino Marble
fino Metal
fino Soft Furnishings.

Each factory unit can operate separately or in conjunction with each other.

fino international specializes in the design and execution of Turnkey Interior Projects by bringing together under one roof all of the resources necessary to meet the needs of any fit-out project of any size.

Concept

The philosophy of **fino** International is to provide enhanced methods of coordination and communication between the main contractor, M.E.P. contractor and the ID contractor. Therefore encouraging long lasting business relationships with clients.

Efficiency in executing, meeting client budget and time constraints.

22

Design & Build Approach

fino international's approach to the Interior Fit-Out industry is based firmly on a turnkey solution concept provided by all of its in-house units to give an increased and precise flow of information and authorities between various departments and trades.

23

Commitment

fino
international is
committed to
executing all
projects awarded
to the exact
detail requested
by the client,
every element of
the project meets
the highest
standards in the
industry.

Company Structure

Manufacturing Facilities

Marble Factory
Joinery Factory
Metal Factory
Soft Furnishing

Engineering Department

A full Technical and Engineering department capable of design development and preparation of shop drawings, cutting lists, presentation and specifications to a project requirement. Our team begins with client requirements which will be analysed in the design department for proper presentation and follow-up to the next stage of Engineering.

Design Department

Our aim is to efficiently provide the clients with all the necessary Drawings and documents of their projects , and to meet their deadline. Our professional design team uses the latest technology software programs for perspectives, 3D views and walkthrough animations.

Company Structure

Estimation & Procurement Department

The complete job presentation is handed over for estimation to prepare a complete B.O.Q. Which will be then submitted to the management for approval, subsequently a complete list will be submitted to the client , B.O.Q and a program of execution of the works.

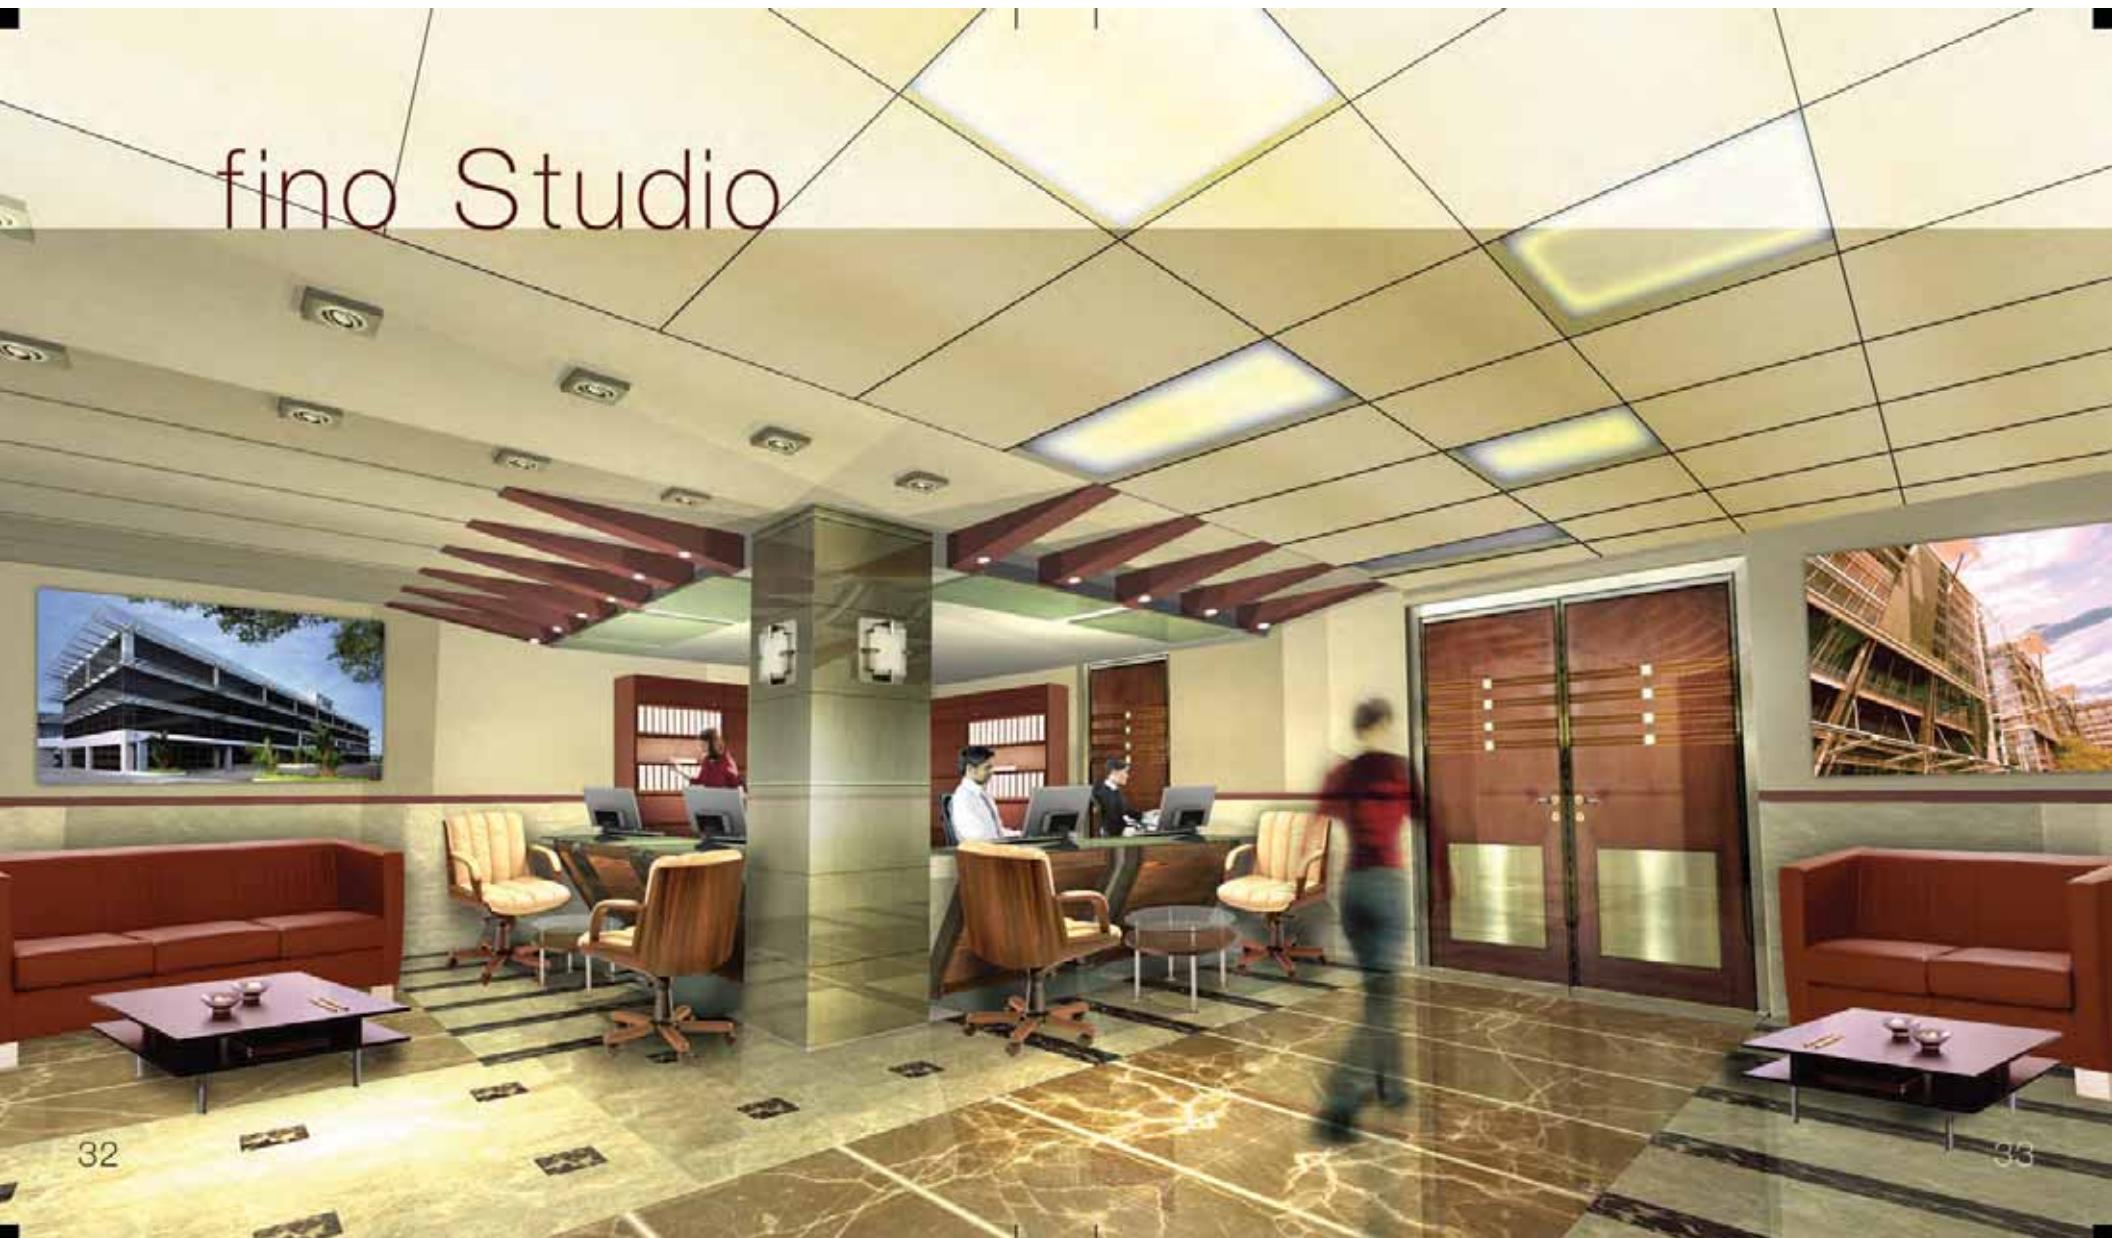

Commercial Department

The contracts department handles all contractual aspects of the project from the signing of the contract to receiving the completion certificate, including interim payments, under project manager supervision and follow up .

Projects & Construction Department

A project manager will be allocated to each project where a detailed orientation and briefing will be given to all concerned.
